

This Love Could Only Be (Meant For Us)

(Duet)

(Male)

The way you dance,
The way you sing,
Could it be the way,
You held my hand in the Spring,
I know, this love,
Could only be meant for us.

(Female)

The way you laugh,
The way you talk,
Or could it be the way,
You kissed me there on the sidewalk,
I know, this love,
Could only be meant for us.

(Chorus, Male/Female Mix)

(F) The way you look,
(M) SO mighty fine,
(F) One billion bucks,
(M) Could not replace my bride,
(M & F) I know this love,
 Could only be meant for us

(Con't Chorus, M&F Singing Together)

From the respect you show,
To your heart that knows,
I know,
what everyone knows, That this love,
Could only be meant for us.

(Female)

The way you're always there,
The way you show support,
For whatever I want to do,
You're simply nothing short, of a dream.

(Male)

The promise until death,
No cries for a distant love,
Spoken with conviction,
Sealed from up above,
Yes, I know, this love,
Could only be meant for us.

(End Together/Repeat Chorus)
